OILS & VINEGARS

## NATURAL AND AUTHENTIC PRODUCTS

In Organic Spain Foods we care about the quality and origin of the ingredients used in the elaboration of our products. They are completely free of preservatives, artificial flavors or colors.

## CERTIFIED PRODUCTS

Our oils are organic certified according to EU regulations and "USDA organic", the US regulations. The entire range is free of pesticides, fertilizers and chemicals. They also obtain the Halal and Kosher certificate and are suitable for vegetarians and vegans.

## BENEFITS OF OUR OIL

Our entire range of La Trajana organic olive oil is extra virgin and contains more nutrients compared to other varieties of processed and refined oils.

La Trajana olive oil contains vitamin E, an antioxidant naturally present and whose benefits are more than demonstrated by scientists. Vitamin E helps defend the body from oxidation and, therefore, from cell aging.

## ORGANIC EXTRA VIRGIN OLIVE

- Certified Organic Extra Virgin Olive Oil, cold extraction.
  - Product of Spain.
